Form ADV Part 2A – Firm Brochure

(719) 471-4774

Dated March 12, 2021

www.create-wealth.com

This Brochure provides information about the qualifications and business practices of Creative Financial Services, Inc., “CFS”. If you have any questions about the contents of this Brochure, please contact us at (719) 471-4774. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Creative Financial Services, Inc. is registered as an Investment Adviser with the State of Colorado. Registration of an Investment Adviser does not imply any level of skill or training.

Additional information about CFS is available on the SEC’s website at www.adviserinfo.sec.gov, which can be found using the firm’s identification number, 119801.

Item 2: Material Changes

The last annual update of this brochure was filed on March 11, 2020. The following changes have been made to this version of the Disclosure Brochure:

- The fees in the table in Item 5 include fees paid to a sub-advisor, if applicable. Items 5 and 10 have been updated with detailed information.
- CFS' Financial Planning hourly rate is \$200. Item 5 has been updated.
- The minimum monthly fee for Ongoing Financial Planning is \$200. Item 5 has been updated with detailed information.
- Item 5 has been updated to disclose that Financial Planning fixed fees range from \$2,400 to \$10,000.

Future Changes

From time to time, we may amend this Disclosure Brochure to reflect changes in our business practices, changes in regulations, and routine annual updates as required. Either this complete Disclosure Brochure or a Summary of Material Changes shall be provided to each Client annually and if a material change occurs in the business practices of Creative Financial Services, Inc.

At any time, you may view the current Disclosure Brochure online at the SEC's Investment Adviser Public Disclosure website at <http://www.adviserinfo.sec.gov> by searching for our firm name or by our CRD number, 119801.

You may also request a copy of this Disclosure Brochure at any time, by contacting us at (719) 471-4774.

Item 4: Advisory Business

Description of Advisory Firm

Creative Financial Services, Inc. is registered as an Investment Adviser with our home State of Colorado, as well as with the States of Ohio and Texas. We were originally incorporated in Ohio on August 2, 1999. Prior to this date, CFS was not incorporated and operated as a Sole Proprietorship. Jill Isbell is 100% owner of CFS. CFS currently reports \$46,939,528 in discretionary and \$0 non-discretionary Assets Under Management as of February 2021.

Types of Advisory Services

Ongoing Financial Planning

This service involves working one-on-one with a planner over an extended period of time. By paying a fixed fee, Clients get to work with a planner who will work with them to develop and implement their plan. The planner will monitor the plan, recommend any changes and ensure the plan is up to date.

Upon desiring a comprehensive plan, a Client will be taken through establishing their goals and values around money. They will be required to provide information to help complete the following areas of analysis: net worth, cash flow, insurance, credit scores/reports, employee benefits, retirement planning, insurance, investments, college planning, and estate planning. Once the Client's information is reviewed, their plan will be built and analyzed, and then the findings, analysis and potential changes to their current situation will be reviewed with the Client. Clients subscribing to this service will receive a written or an electronic report, providing the Client with a detailed financial plan designed to achieve his or her stated financial goals and objectives. If a follow-up meeting is required, we will meet at the Client's convenience. The plan and the Client's financial situation and goals will be monitored throughout the year and follow-up phone calls and emails will be made to the Client to confirm that any agreed upon action steps have been carried out. On an annual basis, there will be a full review of this plan to ensure its accuracy and ongoing appropriateness. Any needed updates will be implemented at that time.

Project Based Financial Planning Services

We provide financial planning services on topics such as retirement planning, risk management, college savings, cash flow, debt management, work benefits, and estate and incapacity planning.

Financial planning involves an evaluation of a Client's current and future financial state by using currently known variables to predict future cash flows, asset values, and withdrawal plans. The key defining aspect of financial planning is that through the financial planning process, all questions, information, and analysis will be considered as they affect and are affected by the entire financial and life situation of the Client. Clients purchasing this service will receive a written or an electronic report, providing the Client with a detailed financial plan designed to achieve his or her stated financial goals and objectives.

In general, the financial plan will address various areas of concern. The Client and advisor will work together to select specific areas to cover.

Investment Management Services (CFS Manages Assets)

We are in the business of managing individually tailored investment portfolios. Our firm provides continuous advice to a Client regarding the investment of Client funds based on the individual needs of the Client. Through personal discussions in which goals and objectives based on a Client's particular circumstances are established, we develop a Client's personal investment policy or an investment plan with an asset allocation target and create and manage a portfolio based on that policy and allocation targets. We will also review and discuss a Client's prior investment history, as well as family composition and background.

Account supervision is guided by the stated objectives of the Client (e.g., maximum capital appreciation, growth, income, or growth, and income), as well as tax considerations. Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors. Fees pertaining to this service are outlined in Item 5 of this brochure.

Investment Management Services Through the Use of Sub-Advisors (TAMPs)

We offer the use of Sub-Advisors (TAMPs) for portfolio management services. We assist Clients in selecting an appropriate allocation model, completing the Sub-Advisor's investor profile questionnaire, interacting with the Sub-Advisor and reviewing the Sub-Advisor. Our review process and analysis of outside managers is further discussed in Item 8 of this Form ADV Part 2A. Additionally, we will meet with the Client on a periodic basis to discuss changes in their personal or financial situation, suitability, and any new or revised restrictions to be applied to the account. Fees pertaining to this service are outlined in Item 5 of this brochure.

Client Tailored Services and Client Imposed Restrictions

We offer the same suite of services to all of our Clients. However, specific Client financial plans and their implementation are dependent upon the Client Investment Policy Statement which outlines each Client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a Client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients are able to specify, within reason, any limitations they would like to place on discretionary authority as it pertains to individual securities and/or sectors that will be traded in their account, by notating these items on the executed advisory agreement.

Wrap Fee Programs

We do not participate in wrap fee programs.

Item 5: Fees and Compensation

Please note, unless a Client has received the firm's Disclosure Brochure at least 48 hours prior to signing the investment advisory contract, the investment advisory contract may be terminated by the Client within five (5) business days of signing the contract without incurring any advisory fees. How we are paid depends on the type of advisory service we are performing. Please review the fee and compensation information below.

An initial 30-minute consultation for prospective clients will be offered at no charge.

Investment Management Services

Our standard advisory fee is based on the market value of the assets under management and is calculated as follows:

Account Value	Annual Advisory Fee
\$50,000 - \$750,000	1.00%
\$750,001 - \$1,250,000	0.75%
\$1,250,001 - \$1,750,000	0.65%
\$1,750,001 - \$2,250,000	0.55%
\$2,250,001 and Above	0.50%

The annual fees are pro-rated and paid in arrears on a quarterly basis. The advisory fee is a tiered fee and is calculated by assessing the percentage rates using the predefined levels of assets as shown in the above chart. The annual fees are based on the average daily balance over the previous quarter. For example, an account valued at \$2,000,000 would pay an effective fee of 0.79% with the annual fee of \$15,875. The quarterly fee is determined by the following calculation: $((\$750,000 \times 1.00\%) + (\$500,000 \times 0.75\%) + (\$500,000 \times 0.65\%) + (\$250,000 \times 0.55\%)) \div 4 = \$3,968.75$. No increase in the annual fee shall be effective without agreement from the Client by signing a new agreement or amendment to their current advisory agreement.

Advisory fees are directly debited from Client accounts by CFS when no sub-advisor is used. When a Sub-Advisor is used the annual fees are prorated and paid in arrears on either a monthly or quarterly basis, depending on the Sub-Advisor used. The Sub-Advisor will debit the Client's account for both the Sub-Advisor's fee, and Creative Financial Service's advisory fee, and will remit the fee to Creative Financial Services, Inc. The above fee schedule includes the Sub-Advisor's fee. No increase in the annual fee shall be effective without agreement from the Client by signing a new agreement or amendment to their current advisory agreement.

Accounts initiated or terminated during a calendar quarter will be charged a prorated fee based on the amount of time remaining in the billing period. An account may be terminated with written notice at least 15 calendar days in advance. Since fees are paid in arrears, no refund will be needed upon termination of the account.

Ongoing Financial Planning

Ongoing Financial Planning consists of an ongoing fee that is paid monthly or quarterly, in advance, at the rate of \$200 to \$1,250 per month (\$600 to \$3,750 per quarter), depending on client complexity. The fee may be negotiable in certain cases. Fees for this service may be paid by electronic funds transfer, credit, or check. This service may be terminated with 30 days' notice. Upon termination of any agreement, the fee will be prorated, and any unearned fee will be refunded to the Client.

Financial Planning Fixed Fee

Financial Planning will generally be offered on a fixed fee basis. The fixed fee will be agreed upon before the start of any work. The fixed fee can range between \$2,400 and \$10,000 based upon complexity. Half of the financial planning fee is due at the beginning of the process and the remainder is due upon delivery of the financial plan and recommendations. CFS will not bill an amount above \$500.00 more than 6 months in advance. Fees for this service may be paid by electronic funds transfer, credit card, or check. In the event of early termination any prepaid but unearned fees will be refunded to the Client and any completed deliverables of the project will be provided to the Client and no further fees will be charged.

Financial Planning Hourly Fee

Hourly Financial Planning engagements are offered at a rate of \$200 per hour. The fee may be negotiable in certain cases and is due at the completion of the engagement. In the event of early termination by the Client, any fees for the hours already worked will be due. Fees for this service may be paid by electronic funds transfer or check, or credit card.

Other Types of Fees and Expenses

Our fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which may be incurred by the Client. Clients may incur certain charges imposed by custodians, brokers, and other third parties such as custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer, and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual fund and exchange-traded funds also charge internal management fees, which are disclosed in a fund's prospectus. Such charges, fees, and commissions are exclusive of and in addition to our fee, and we shall not receive any portion of these commissions, fees, and costs.

Item 12 further describes the factors that we consider in selecting or recommending broker-dealers for Client's transactions and determining the reasonableness of their compensation (e.g., commissions).

We do not accept compensation for the sale of securities or other investment products including asset-based sales charges or service fees from the sale of mutual funds.

Item 6: Performance-Based Fees and Side-By-Side Management

Performance-based fees are fees based on a share of capital gains on or capital appreciation of the assets of a client. Creative Financial Services, Inc. does not offer performance-based fees and does not engage in side-by-side management. CFS assesses a fee based on a percentage of assets. A table of fees is listed in Item 5 of this brochure. If a client has agreed to pay fees based on assets under management, no other fees are expected from the client.

Item 7: Types of Clients

Creative Financial Service, Inc. welcomes the following client types:

- Individuals and Couples
- Small business owners for planning and retirement plans such as SEP, Simple IRA and Solo 401k.
- Trusts and Endowments

Generally, Creative Financial Services Inc. accepts a minimum of \$50,000 to begin an account. There are, however, exceptions to this rule. The following would be examples of the some of the exceptions:

- Business owner beginning a new retirement plan
- Individual or couple beginning a systematic investment program or annual IRA contribution

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Creative Financial Services, Inc. determines, through interviews with the client, a grouping of investments which are most appropriate to reach their goals, time perimeters and risk tolerance.

Understanding the risk tolerance of the client is very important and many times is not immediately known. Many clients believe they have a high degree of risk tolerance, especially in an “up” market. Careful attention is given to realistic risk tolerance when markets begin to correct.

Creative Financial Services has developed asset allocation models based on risk. Our models are categorized as Conservative, Conservative to Moderate, Moderate, Moderately Aggressive, and Aggressive. Our approach to constructing a portfolio is based on diversifying assets in order to take advantage of growth opportunities while balancing risk. Depending on the client’s goals and when they will need to begin pulling money from their portfolio, we will investigate investments which will

provide income from a number of different types of vehicles. An example of this would be the use of: varying maturities and credit worthiness of bonds and dividend paying stocks.

Once the portfolio has been invested, the advisors at Creative Financial Services will continue to monitor the progress of the portfolio and will make changes as the markets dictate. We do not practice frequent trading in the accounts under management.

Occasionally a client will suggest an investment that they would like to hold. Creative Financial Services Inc. will research the recommendation and will contact the client with our opinion; outlining the history and potential risks of the investment. We reserve the right to not invest in the recommended stock if it is contrary to the risk tolerance of the client.

Creative Financial Services uses a hybrid approach to investment analysis:

- **Fundamental Analysis:** Fundamental analysis is a method of evaluating a security in an attempt to measure its intrinsic value, by examining related economic, financial and other qualitative and quantitative factors. Fundamental analysts study anything that can affect the security's value, including macroeconomic factors such as the overall economy and industry conditions, and microeconomic factors such as financial conditions and company management. The end goal of fundamental analysis is to produce a quantitative value that an investor can compare with a security's current price, thus indicating whether the security is undervalued or overvalued.
- **Technical Analysis:** Technical analysis is a trading tool employed to evaluate securities and attempt to forecast their future movement by analyzing statistics gathered from trading activity, such as price movement and volume. Unlike fundamental analysts who attempt to evaluate a security's intrinsic value, technical analysts focus on charts of price movement and various analytical tools to evaluate a security's strength or weakness and forecast future price changes.

Use of Sub-Advisors: We may refer Clients to third-party investment advisers ("outside managers"). Our analysis of outside managers involves the examination of the experience, expertise, investment philosophies, and past performance of the outside managers in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We monitor the manager's underlying holdings, strategies, concentrations, and leverage as part of our overall periodic risk assessment. Additionally, as part of our due diligence process, we survey the manager's compliance and business enterprise risks. A risk of investing with an outside manager who has been successful in the past is that he or she may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in an outside manager's portfolio. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the portfolio, making it a less suitable investment for our Clients. Moreover, as we do not control the manager's daily business and compliance operations, we may be unaware of the lack of internal controls necessary to prevent business, regulatory or reputational deficiencies.

All investments have some form of risks. Our job at Creative Financial Services is to balance these risks against the goals of our clients.

Risks Associated with Securities

Apart from the general risks outlined above which apply to all types of investments, specific securities may have other risks.

Annuities are a retirement product for those who may have the ability to pay a premium now and want to guarantee they receive certain periodic payments or a return on investment later in the future. Annuities are contracts issued by a life insurance company designed to meet requirement or other long-term goals. An annuity is not a life insurance policy. Variable annuities are designed to be long-term investments, to meet retirement and other long-range goals. Variable annuities are not suitable for meeting short-term goals because substantial taxes and insurance company charges may apply if you withdraw your money early. Variable annuities also involve investment risks, just as mutual funds do.

Commercial Paper is, in most cases, an unsecured promissory note that is issued with a maturity of 270 days or less. Being unsecured the risk to the investor is that the issuer may default.

Common stocks may go up and down in price quite dramatically, and in the event of an issuer's bankruptcy or restructuring could lose all value. A slower-growth or recessionary economic environment could have an adverse effect on the price of all stocks.

Corporate Bonds are debt securities to borrow money. Generally, issuers pay investors periodic interest and repay the amount borrowed either periodically during the life of the security and/or at maturity. Alternatively, investors can purchase other debt securities, such as zero coupon bonds, which do not pay current interest, but rather are priced at a discount from their face values and their values accrete over time to face value at maturity. The market prices of debt securities fluctuate depending on factors such as interest rates, credit quality, and maturity. In general, market prices of debt securities decline when interest rates rise and increase when interest rates fall. The longer the time to a bond's maturity, the greater its interest rate risk.

Bank Obligations including bonds and certificates of deposit may be vulnerable to setbacks or panics in the banking industry. Banks and other financial institutions are greatly affected by interest rates and may be adversely affected by downturns in the U.S. and foreign economies or changes in banking regulations.

Municipal Bonds are debt obligations generally issued to obtain funds for various public purposes, including the construction of public facilities. Municipal bonds pay a lower rate of return than most other types of bonds. However, because of a municipal bond's tax-favored status, investors should compare the relative after-tax return to the after-tax return of other bonds, depending on the investor's tax bracket. Investing in municipal bonds carries the same general risks as investing in bonds in general. Those risks include interest rate risk, reinvestment risk, inflation risk, market risk, call or redemption risk, credit risk, and liquidity and valuation risk.

Options and other derivatives carry many unique risks, including time-sensitivity, and can result in the complete loss of principal. While covered call writing does provide a partial hedge to the stock against which the call is written, the hedge is limited to the amount of cash flow received when writing the option. When selling covered calls, there is a risk the underlying position may be called away at a price lower than the current market price.

Exchange Traded Funds prices may vary significantly from the Net Asset Value due to market conditions. Certain Exchange Traded Funds may not track underlying benchmarks as expected. ETFs are also subject to the following risks: (i) an ETF's shares may trade at a market price that is above or below their net asset value; (ii) the ETF may employ an investment strategy that utilizes high leverage ratios; or (iii) trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are de-listed from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally. The Adviser has no control over the risks taken by the underlying funds in which the Clients invest.

Mutual Funds When a Client invests in open-end mutual funds or ETFs, the Client indirectly bears its proportionate share of any fees and expenses payable directly by those funds. Therefore, the Client will incur higher expenses, many of which may be duplicative. In addition, the Client's overall portfolio may be affected by losses of an underlying fund and the level of risk arising from the investment practices of an underlying fund (such as the use of derivatives).

Item 9: Disciplinary Information

Criminal or Civil Actions

CFS and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

CFS and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

CFS and its management have not been involved in legal or disciplinary events that are material to a Client's or prospective Client's evaluation of CFS or the integrity of its management.

Item 10: Other Financial Industry Activities and Affiliations

Recommendations or Selections of Other Investment Advisers

As referenced in Item 4 of this brochure, CFS recommends Clients to Sub-Advisors to manage their accounts. When a Sub-Advisor is utilized, the Sub-Advisor will debit the Client's account for both the Sub-Advisor's fee, and Creative Financial Service's advisory fee, and will remit the fee to Creative Financial Services, Inc. The fee schedule in Item 5 of this brochure includes the Sub-Advisor's fee. You are not obligated, contractually or otherwise, to use the services of any Sub-Advisor we recommend. Additionally, CFS will only recommend an Sub-Advisor who is properly licensed or registered as an investment adviser.

No CFS employee is registered, or has an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.

No CFS employee is registered, or has an application pending to register, as a futures commission merchant, commodity pool operator or a commodity trading advisor.

CFS only receives compensation directly from Clients. We do not receive compensation from any outside source. We do not have any conflicts of interest with any outside party.

Jill Isbell is currently a licensed insurance agent, however, she no longer sells any insurance products, and is not affiliated with any insurance companies. Jill Isbell will not sell any insurance products to clients or prospective clients of CFS.

On occasion a client will need services which are not available at Creative Financial Services, Inc. In this case we will provide the client with a couple of referrals. Creative Financial Services, Inc. does not accept referral fees.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Creative Financial Services, Inc. is registered through the Department of Securities in the states of Colorado and Ohio.

The company follows the code of ethics as defined by the Financial Planning Association (see below).

Creative Financial Services, Inc. does not have a material financial interest in any investments which are bought or sold in client's account.

Paulette J. Hubbard, Jill Isbell, and Rebecca Miller will invest their own monies in the same or similar stocks, mutual funds, and exchange traded funds in their own accounts as those chosen for clients. They do not receive any incentives for recommending these investments to clients.

The purchase or sale of securities in a client's account is determined by the goals and designed strategy for the client. The purchase or sale of the same securities found in the accounts of Paulette J. Hubbard, Jill Isbell, and/or Rebecca Miller also have individually designed strategies and do not correspond with other accounts.

Code of Ethics Description

These Principles are general statements expressing the ethical and professional ideals our advisors and staff are expected to display in their professional activities.

Principle 1 – Integrity

Provide professional services with integrity.

Integrity demands honesty and candor which must not be subordinated to personal gain and advantage. Advisors at Creative Financial Services are placed in positions of trust by clients, and the ultimate source of that trust is the advisors' personal integrity. Allowance can be made for innocent error and legitimate differences of opinion, but integrity cannot co-exist with deceit or subordination of one's principles.

Principle 2 – Objectivity

Provide professional services objectively.

Objectivity requires intellectual honesty and impartiality. Regardless of the particular service rendered or the capacity in which an advisor functions, advisors should protect the integrity of their work, maintain objectivity and avoid subordination of their judgment.

Principle 3 – Competence

Maintain the knowledge and skill necessary to provide professional services competently.

Competence means attaining and maintaining an adequate level of knowledge and skill, and application of that knowledge and skill in providing services to clients. Competence also includes the wisdom to recognize the limitations of that knowledge and when consultation with other professionals is appropriate or referral to other professionals necessary. Advisors at Creative Financial Services make a continuing commitment to learning and professional improvement.

Principle 4 – Fairness

Be fair and reasonable in all professional relationships. Disclose conflicts of interest.

Fairness requires impartiality, intellectual honesty and disclosure of material conflicts of interest. It involves a subordination of one's own feelings, prejudices and desires so as to achieve a proper balance of conflicting interests. Fairness is treating others in the same fashion that you would want to be treated.

Principle 5 – Confidentiality

Protect the confidentiality of all client information.

Confidentiality means ensuring that information is accessible only to those authorized to have access. A relationship of trust and confidence with the client can only be built upon the understanding that the client's information will remain confidential..

Principle 6 – Professionalism

Act in a manner that demonstrates exemplary professional conduct.

Professionalism requires behaving with dignity and courtesy to clients, fellow professionals, and others in business related activities. Our advisors cooperate with fellow associates to enhance and maintain

the profession's public image and improve the quality of services.

Principle 7 – Diligence

Provide professional services diligently.

Diligence is the provision of services in a reasonably prompt and thorough manner, including the proper planning for, and supervision of, the rendering of professional services.

Item 12: Brokerage Practices

Factors Used to Select Custodians and/or Broker-Dealers

Creative Financial Services, Inc. does not have any affiliation with Broker-Dealers. Specific custodian recommendations are made to the Client based on their need for such services. We recommend custodians based on the reputation and services provided by the firm.

Creative Financial Services, Inc. recommends Charles Schwab & Co., Inc. or TD Ameritrade Institutional for Custodian services.

The Custodian and Brokers We Use (Charles Schwab & Co., Inc.)

Creative Financial Services Inc. (“we”/“our”) does not maintain custody of your assets on which we advise, although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account (see Item 15 – Custody, below). Your assets must be maintained in an account at a “qualified custodian,” generally a broker-dealer or bank. We recommend that our clients use Charles Schwab & Co., Inc. (“Schwab”), a registered broker-dealer, member SIPC, as the qualified custodian. We are independently owned and operated and are not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell securities when we/you instruct them to. While we recommend that you use Schwab as custodian/ broker, you will decide whether to do so and will open your account with Schwab by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so.

How we select brokers/custodians: We seek to recommend a custodian/broker that will hold your assets and execute transactions on terms that are overall most advantageous when compared with other available providers and their services. We consider a wide range of factors, including:

- Combination of transaction execution services and asset custody services (generally without a separate fee for custody)
- Capability to execute, clear, and settle trades (buy and sell securities for your account)
- Capability to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- Breadth of available investment products (stocks, bonds, mutual funds, exchange-traded funds (ETFs), etc.)
- Availability of investment research and tools that assist us in making investment decisions
- Quality of services

- Competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate the prices
- Reputation, financial strength, security and stability
- Prior service to us and our clients
- Availability of other products and services that benefit us, as discussed below (see “Products and services available to us from Schwab”)

Your brokerage and custody costs: For our clients’ accounts that Schwab maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions or other fees on trades that it executes or that settle into your Schwab account. Certain trades (for example, many mutual funds and ETFs) may not incur Schwab commissions or transaction fees. Schwab is also compensated by earning interest on the uninvested cash in your account in Schwab’s Cash Features Program. In addition to commissions, Schwab charges you a flat dollar amount as a “prime broker” or “trade away” fee for each trade that we have executed by a different broker-dealer but where the securities bought or the funds from the securities sold are deposited (settled) into your Schwab account. These fees are in addition to the commissions or other compensation you pay the executing broker- dealer. Because of this, in order to minimize your trading costs, we have Schwab execute most trades for your account. We have determined that having Schwab execute most trades is consistent with our duty to seek “best execution” of your trades. Best execution means the most favorable terms for a transaction based on all relevant factors, including those listed above (see “How we select brokers/custodians”).

Products and services available to us from Schwab: Schwab Advisor Services™ is Schwab’s business serving independent investment advisory firms like us. They provide our clients and us with access to their institutional brokerage services (trading, custody, reporting and related services), many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients’ accounts, while others help us manage and grow our business. Schwab’s support services are generally available on an unsolicited basis (we don’t have to request them) and at no charge to us. Following is a more detailed description of Schwab’s support services:

Services That Benefit You.: Schwab’s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab’s services described in this paragraph generally benefit you and your account.

Services that may not directly benefit you: Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients’ accounts. They include investment research, both Schwab’s own and that of third parties. We may use this research to service all or a substantial number of our clients’ accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements)
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts
- provide pricing and other market data
- facilitate payment of our fees from our clients' accounts
- assist with back-office functions, recordkeeping, and client reporting

Services that generally benefit only us: Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events
- Consulting on technology, compliance, legal, and business needs
- Publications and conferences on practice management and business succession

We recommend that you maintain your account with Schwab, based on our interest in receiving Schwab's services that benefit our business and Schwab's payment for services for which we would otherwise have to pay rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Schwab's services (see "How we select brokers/ custodians") and not Schwab's services that benefit only us.

CFS may also utilize for certain lower asset balance clients the Institutional Intelligent Portfolios™ Program platform sponsored by Schwab Wealth Investment Advisory, Inc. (the "Program" and "SWIA," respectively). SWIA is an unaffiliated SEC registered third party service provider which offers an electronic algorithms platform which ensures client portfolios are aligned with the client's investment objective and risk tolerance via model portfolios. Under this automated investment advisory program, trading and rebalancing is determined via an algorithm based on model portfolios created by CFS, with cash flows and dividends used to keep the portfolio in balance. Also referred to as "robo-advisory services", SWIA provides CFS with the technology platform to automate the management of portfolios of ETFs and mutual fund securities, provides sub-advisory services and acts in a discretionary capacity to the client's account. Any clients that use the Program will receive the SWIA Program Disclosure Brochure ("Program Disclosure Brochure") from SWIA which includes a more detailed description and additional information.

The Custodian and Brokers We Use (TD Ameritrade, Inc.)

Advisor participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade"), member FINRA/SIPC. TD Ameritrade is an independent [and unaffiliated] SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance, and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program. (Please see the disclosure under Item 14 below.)

Aggregating (Block) Trading for Multiple Client Accounts

Creative Financial Services, Inc., when choosing a single equity that will be placed in a number of

accounts, will purchase the entire stock purchase in the account of Creative Financial Services, Inc. (in order to get a single price) and then allocate the shares to the various accounts designated. This practice has a two-fold advantage: It becomes easier to track performance and it gives each person who is purchasing this stock a single price, the same as other clients.

Sub-Advisors used by CFS may block Client trades at their discretion. Their specific practices are further discussed in their ADV Part 2A, Item 12.

Item 13: Review of Accounts

Typically, Creative Financial Services, Inc. reviews each account on a monthly basis. This review includes the following:

- Record asset values of accounts compared to the last review
- Investigate each investment choice and look for significant trends
- Evaluate whether an investment should be added to or if a position should be reduced.

A more intense review may be triggered by an upcoming client appointment, if there is a significant change in market conditions or if a client needs to raise funds.

The client receives a monthly statement from Charles Schwab on each account that they hold. Creative Financial Services, Inc. will send our statements generated by client management software, Performance Technologies. Statements are sent out on a quarterly basis coinciding with fees. Schwab downloads all transactions, pricing, portfolio changes to this software daily. Creative Financial Services also includes a fee statement which includes the value of the account, the percentage which will be deducted and the fee which is deducted from the account.

Item 14: Client Referrals and Other Compensation

We do not receive any economic benefit, directly or indirectly, from any third party for advice rendered to our Clients.

CFS may receive client referrals from Zoe Financial, Inc through its participation in Zoe Advisor Network (ZAN). Zoe Financial, Inc is independent of and unaffiliated with the Advisor and there is no employee relationship between them. Zoe Financial established the Zoe Advisor Network as a means of referring individuals and other investors seeking fee-only personal investment management services or financial planning services to independent investment advisors. Zoe Financial does not supervise CFS and has no responsibility for CFS' management of client portfolios or CFS' other advice or services. CFS pays Zoe Financial an on-going fee for each successful client referral. This fee is usually a percentage of the advisory fee that the client pays to CFS ("Solicitation Fee"). CFS will not charge clients referred through Zoe Advisor Network any fees or costs higher than its standard fee schedule

offered to its clients. For information regarding additional or other fees paid directly or indirectly to Zoe Financial Inc, please refer to the Zoe Financial Disclosure and Acknowledgement Form.

We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (see Item 12--Brokerage Practices). The availability of Schwab's products and services to us is not based on our giving particular investment advice, such as buying particular securities for our clients.

As disclosed under Item 12, above, Advisor participates in TD Ameritrade's institutional customer program and Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between Advisor's participation in the program and the investment advice it gives to its Clients, although Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit Advisor but may not benefit its Client accounts. These products or services may assist Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help Advisor manage and further develop its business enterprise. The benefits received by Advisor or its personnel through participation in the program does not depend on the number of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to Clients, Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits by Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Item 15: Custody

CFS does not accept custody of Client funds except in the instance of withdrawing Client fees.

For Client accounts in which CFS directly debits their advisory fee:

- i. CFS will send a copy of its invoice to the custodian at the same time that it sends the Client a copy.
- ii. The custodian will send at least quarterly statements to the Client showing all disbursements for the account, including the amount of the advisory fee.

- iii. The Client will provide written authorization to CFS, permitting them to be paid directly for their accounts held by the custodian.

Under government regulations, we are deemed to have custody of your assets if you authorize us to instruct Schwab to deduct our advisory fees directly from your account. Schwab maintains actual custody of your assets. You will receive account statements directly from Schwab at least quarterly. They will be sent to the email or postal mailing address you provided to Schwab. You should carefully review those statements promptly when you receive them. We also urge you to compare Schwab's account statements with the periodic reports you will receive from us. Our reports may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

Item 16: Investment Discretion

As part of the account opening application with Charles Schwab & Co., Inc., clients consent to give Creative Financial Services, Inc. limited discretion to:

- Place trades
- Assess a fees for services based on the Investment Agreement Terms

On occasion, clients will request we hold a particular investment in their account which they have an attachment to. They may also request we hold a particular amount of cash equivalent in their portfolio beyond our recommended allocation. These are limitations clients may put on us as the adviser.

Item 17: Voting Client Securities

Creative Financial Services, Inc. does not vote the security proxies for their clients. The company does receive the voting materials and will, if asked, provide their clients with their opinion on the issues stated in the voting material.

Item 18: Financial Information

Creative Financial Services, Inc. is registered in the state of Colorado as an S Corporation. In regards to soliciting an upfront payment for fees; Creative Financial Services Inc. does not require or solicit a prepayment fee from clients.

Per Rule 51-4.13 (IA)(A)(2) of the Colorado Securities Act, Creative Financial Services Inc. has a minimum of \$10,000 in net worth.

Once a client's money is deposited with Charles Schwab & Co. and is under the care of Creative Financial Services, Inc., we will begin investing the client's money based on the portfolio recommendations that have been discussed with the client. Normally fees are assessed quarterly.

The first fee is deducted on the first day of the 2nd quarter; the percentage is based on the last day of the 1st quarter.

Item 19: Requirements for State-Registered Advisers

Jill Isbell

Born: 1973

Educational Background

- 2005 – Bachelor’s of Science in Accounting, University of Colorado at Colorado Springs

Business Experience

- 05/2019 – Present, Creative Financial Services, Inc., Owner and CCO
- 09/2015 - 05/2019, Charles Schwab & Co., Financial Consultant
- 03/2011 - 09/2015, LPL Financial, Financial Advisor

Professional Designations, Licensing & Exams

CFP (Certified Financial Planner)®: The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with Clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and Client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real-world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and

- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their Clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Other Business Activities

Jill Isbell is the sole owner of Creative Financial Tax Services, LLC, a separate and unaffiliated tax services firm. The amount of time spent on this outside activity is minimal, none of which is during normal business hours. Clients of Creative Financial Tax Services, LLC may also be advisory clients of CFS. There is no client referral arrangement in place between CFS and Creative Financial Tax Services, Inc. Clients who engage both entities will do so under separate agreements and will pay separate fees to each entity.

Jill Isbell is currently a licensed insurance agent, however, she no longer sells any insurance products, and is not affiliated with any insurance companies. Jill Isbell will not sell any insurance products to clients or prospective clients of CFS.

Performance-Based Fees

CFS is not compensated by performance-based fees.

Material Disciplinary Disclosures

No management person at Creative Financial Services, Inc. has ever been involved in an arbitration claim of any kind or been found liable in a civil, self-regulatory organization, or administrative proceeding.

Material Relationships That Management Persons Have With Issuers of Securities

Creative Financial Services, Inc., nor Jill Isbell, have any relationship or arrangement with issuers of securities, in addition to what is described in Item 10.

Additional Compensation

Jill Isbell does not receive any economic benefit from any person, company, or organization, in exchange for providing Clients advisory services through CFS.

Supervision

Jill Isbell, as Owner and Chief Compliance Officer of CFS, is responsible for supervision. She may be contacted at the phone number on this brochure supplement.

Requirements for State Registered Advisers

Jill Isbell has NOT been involved in an arbitration, civil proceeding, self-regulatory proceeding, administrative proceeding, or a bankruptcy petition.
